

— Planning For Our Shorelands Presents —

Planners' Session III

Land Use Tools for Shoreline Protection

Many Ontario municipalities are faced with similar shoreline protection issues and often feel isolated in addressing them.

This session will connect planners across Ontario in collectively problem solving common but complex shoreline development issues. Fictional scenarios will be presented, and you will have the opportunity to work with colleagues in developing innovative solutions to protecting our shorelines.

Friday, November 26, 2021 at 2:00pm EST
