From Rain to Root

Slowing shoreline erosion with storm water management techniques

Improperly managed stormwater can create big issues on your property such as flooding and increased erosion. Learn how to create beautiful rain gardens and other techniques to manage stormwater on your property. Rosmarie Lohnes has been helping landowners in the Maritimes slow erosion and manage overland flow for over 20 years with her award-winning business, Helping Nature Heal Inc. Join Rosmarie for this free webinar to learn how you can improve the water management on your property and build a healthy landscape and shoreline for years to come!

Friday, February 4th at 2pm AST/1pm EST

Registration: watersheds.ca/freshwater-stewardship
