Watersheds
CANADA

Watersheds Canada is seeking board members!

Are you interested in volunteering your time and skills to champion the future of healthy lakes and rivers in Canada?

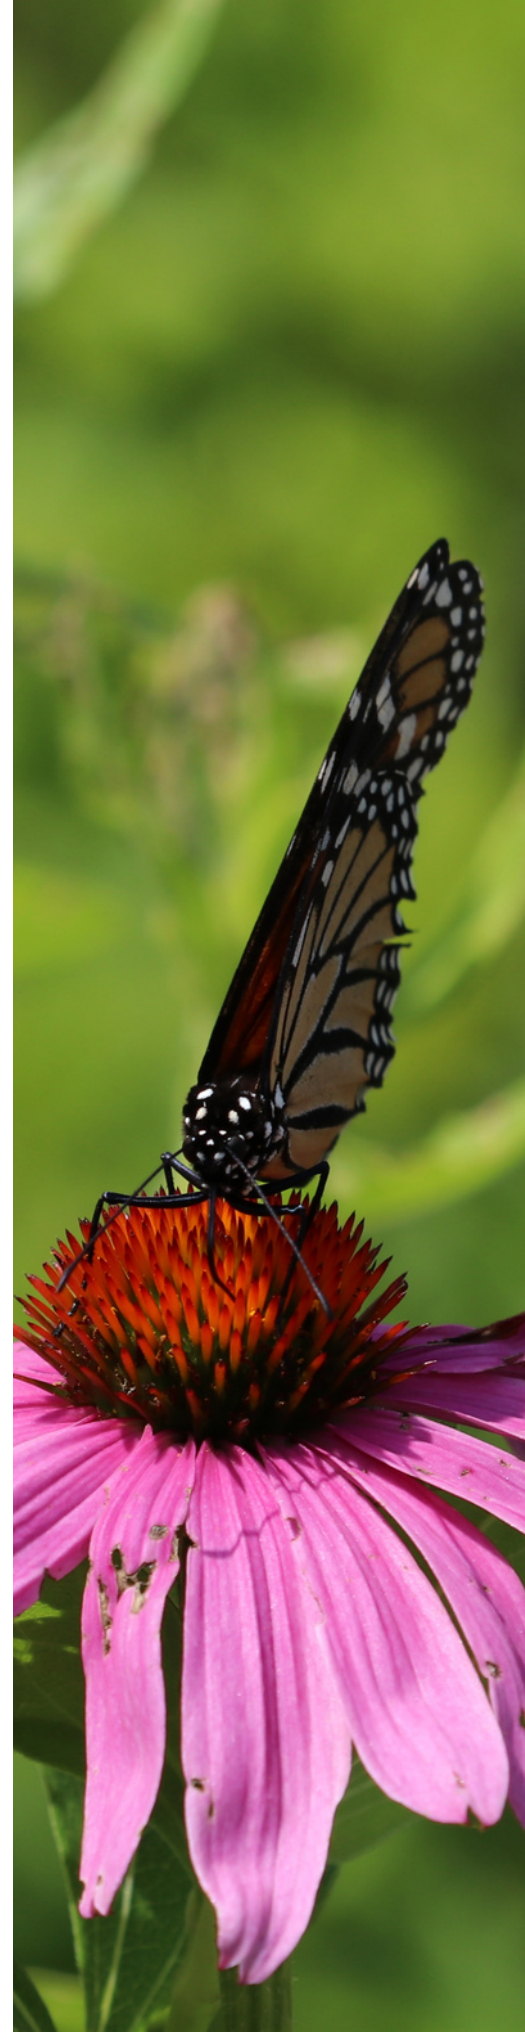

The Board of Directors is seeking skilled and passionate individuals to help lead and drive change in our dynamic and growing organization.

Watersheds Canada is looking for progressive thinkers with diverse voices, backgrounds, and perspectives on water and watersheds who are keen to contribute their expertise and knowledge to the growth of our grassroots environmental-action team.

Overview

Watersheds Canada is a federally incorporated non-profit organization and registered Canadian charity. Since 2002, Watersheds Canada has invested in on-the-ground programs and partnerships that have re-naturalized shoreline communities and created new habitats for species like loons, brook trout, turtles, and monarch butterflies. Our work is science-based and driven by community volunteers who help Watersheds Canada teach students, cottagers, landowners, and municipalities how to protect their lakes from erosion, biodiversity loss, invasive species, blue-green algae blooms, and poor water quality.

Canada's lakes and rivers now face immense development pressure. Combined with the known impacts of climate change, the need to save our shorelands is critical. Every year, Watersheds Canada plants thousands of native species, and leads fish habitat projects. Our hands-on programs bring back nature and create resilience for our freshwater future.

Who we are looking for:

Board members with experience in the following areas are encouraged to apply:

- Strategic planning
- Financial acumen
- Indigenous culture and community
- Sustainable fundraising
- Water issues
- Political acumen
- Human resources
- Legal expertise

Time Commitment and Responsibilities

- This is a volunteer commitment of approximately **five to eight hours per month** and involves attending online quarterly meetings and occasional in-person events.
- Watersheds Canada's Board Members serve a three-year term.
- Board members can live anywhere in Canada.

How to Apply

Please email your resume and/or LinkedIn profile and letter of interest to director@watersheds.ca

In your letter, please include:

- Why you wish to be a Watersheds Canada Board Member;
- How you can support Watersheds Canada (expertise, knowledge and/or learned experiences).

We thank all applicants for their interest but only those selected will be contacted. To learn more about Watersheds Canada, visit watersheds.ca
