

## Where Do You Want Your Legacy Dollars to Go?

Can Watersheds Canada be part of your legacy plans? We would like to meet with you personally to discuss your vision for our freshwater future.

**Your legacy.  
Canada's  
freshwater  
future.**

At Watersheds Canada, building trust with partners and donors starts with sincere discussion. Our new legacy giving program, founded by Doug and Janet, is a result of a solid relationship. Donors set their own legacy funding terms, and we respectfully follow through with careful attention to details and delivery.

# Meet Our Legacy Plan Founders

## Doug Smith & Janet Taylor

Like you, Doug and Janet care about our lakes and rivers. Their relationship with water inspired support for freshwater protection through Watersheds Canada programs.

Doug and Janet shared legacy interests with Watersheds Canada's team because they saw a need to support the freshwater stewardship work of our action-based charity.

Their formal legacy plan, detailing how and where donation dollars would be earmarked, was developed with care and compassion by the Watersheds Canada team.
